Introducing Silverchain Private Care

Giving you more choice to live
your life, your way.

We believe that everyone should have access to quality care that is tailored just for them. As pioneers in care we lend our expertise to help you access home care services so you can take care of your health, home, wellbeing and happiness. We are redefining care to let you confidently choose to stay home for life.

Silverchain is proudly one of the only Australian home care providers to be accredited to both health and aged care standards. Our services are guided by world class research and are designed to help you stay healthy and avoid hospital and residential aged care.

The Silverchain Private Care experience includes:

- expert and tailored care and guidance aligned to your goals
- a clinically qualified Care Manager and care team to connect you to an extensive network of health professionals
- regular care reviews whenever you need them
- 24/7 phone support for urgent enquiries
- a flexible approach to your care with no lock in contracts
- almost 130 years' experience as Australia's leading in-home care specialist.

Our services

Your care team can not only offer advice and guidance you can trust, but they can also connect you with Silverchain's extensive health network, including:

- care management and coordination
- nursing and clinical assessments
- post-hospital support
- personal care and wellbeing
- medication support
- respite and carer support
- allied health such as physiotherapy, podiatry and occupational therapy
- home and garden assistance
- community and companionship.

Self-funded care offers you and your family great flexibility and choice. As a not for profit, we always aim to keep our fees as low as possible and don't charge entry or exit fees, ensuring you only pay for the services you need.
